Club President's report

Hi all,

A great time was had by all who attended the Presentation dinner at the Yacht Club. Congratulations to all the members who were awarded trophies and vouchers for their efforts through the year. It was a great meal and an excellent venue. Thanks to the members who helped out to make it a great day.

A trip by some of the club members up around Hinchinbrook Island is being organised. We are leaving on the 15 October for a 2 week trip taking around 2 days to get to Lucinda where we will be camping for a week or so and maybe explore some new spots on the way home. We have 4 or 5 boats and crew going at the moment, so if you would like to go, let us know and start preparing your gear.

Cheers Vince.

LIVESHHRIMP

This week I've ended up with some space in the newsletter, and though I've promised to use your old photos for a "blast from the past" section (pls be patient), this time I'd like to give a personal endorsement to the Zerek shrimp as stocked at Wayne and Barb's Fishing World.

To be brief, I've had two casts with this lure, if we can call it a lure. The first hooked a mangrove jack in the Maroochy river last summer which I lost almost immediately (witness Joe), the second a 5kg or so estuary cod from Hinchinbrook last week which had at least a bit of a tail or tale but no witness and no photo.

What is worth reporting about the cod is that I'd dropped it twice on hard body lures and it wasn't interested in any more hard lures. Switching to the "live" shrimp lure the cod, now suspicious, followed the lure in so I stopped winding and let the "lure" drop on the rocks about 2 m out. The cod sashayed up and inhaled the still lure. Nice fight on a Curado Shimano loaded with 20lb mono and 5 piece rod also from Fishing World, and the only mistake was dragging the fish up the bank when the 20lb fluoro leader gave way. The cod, which was a pet of farm I visited, is now wearing one of Wayne and Barb's nice kelvar zereks.

Chrs, Wayne

FISHING REPORT FOR SEPTEMBER, 2013

ESTUARY: Quality whiting taking yabbies on the rising tide opposite the Bli Bli boat ramp. Flathead on lures slow trolling the banks around in deeper channels of the Maroochy & Mooloolah River systems. Mud crabs and mangrove jack moving around with the recent higher temperatures. Tailor and trevally at the Maroochy Bar using 'Poppers' during the day.

SURF: Sand whiting and dart in low tide gutters from Mudjimba to North Shore with pippies and worms best. Tailor taken right on dark. Bream off the rocks at Alex Headland using mullet fillet and mullet guts.

OFFSHORE: Grassy sweetlip, footballer cod and moses perch being taken from The Gneerings and Coolum using squid and mullet fillet. The Barwon Banks for pearl perch, parrot and snapper using pillies. Don't forget a mid water floater.

FRESHWATER: Somerset Dam returning bass and golden perch on trolled deep divers and spinner baits cast beside timber, near power lines. Lake Baroon for small bass and spangled perch around both boat ramps using floated baits.

Presentation dinner

Last Month

Got this 5.6kg snapper on a 7" Gulp (recommended by Fishing World of Maroochydore) in 97m of water at Wide Caloundra. Check the water conditions in the background. - Tony

3.5 kg snapper last Friday (We went to a mark known for tasty little pan sized squire but all we could catch is snapper!!) - Wayne

I went to Murphies yesterday to go spanner crabbing. The current was roaring at about 4 knots and I nearly lost my spanner crab pots. I found them about 1 km away. - Vic

Beauty and the beast, a Harlequin Tusk Fish - Joe

Caught 8 nice snapper in the 1-4 kg range on deep floating pillies in 60m of water on the drift. I dropped in at the Cobia wreck on the way back and latched onto a huge fish for 45 minutes which ended up being a 8ft Bull shark. I could have sworn it was a big Cobia or Cod. - Vic

Joe with a brace of keepers
Results from "gentleman's" hours fishing trip, 10am to 6pm, back in time for dinner, wind < 5knots, beer: midstrength.
