Feb : Fish of the "month" Golden perch / tuna

Captains report.

I don't know about anyone else, but this month seems to have flown. 1/12 of the year gone already. We had our Tropical Iceboxes Most Species competition in January with a great turn out at the weigh-in BBQ. Brett took out the comp with a total of three fish and we had a 4 way tie for second. Second and Third were decided from the 4 people with 2 fish by the percentage above legal size of each fish. Vic's 2 fish came in at 122% for second and Debbie had 115% above legal length with her 2 fish. Congratulations to those winners and good on everyone else who fished and came along. No offshore fish were weighed in on the weekend, which was surprising as the weather was pretty good. A massive thanks to Tropical Ice boxes for their generous support of our club. Of special note, one of Brett's three fish was an impressive 73cm Dusky Flathead. A very nice fish!

This weekend is the Camping Works Boondooma Bass Bonanza held each February at Lake Boondooma.

Our club competition is of course exclusive to our club members, but there is also a public fishing competition held at the lake which we all attend as well. Vince and I are going up to the lake on Thursday leaving around lunch time and I think that Joan and Carl are going up earlier. Others are going on Friday. (our comp does not start till 12am Friday) Feel free to call me for more info and to organise travelling up in groups if you would like.

It is now less than 3 months till our major club trip to Tannum Sands which is the end of April through to the beginning of May. The club has reserved 5 sites in the great location next to the camp kitchen in the Tannum Beach Caravan Park. Have a good think about whether you are going along as we will be getting numbers of those interested at the meeting this month and will be needing confirmation and \$100 Deposit paid by the March meeting. We will be showing the video of last year's trip at the meeting next Tuesday and I will send out a separate email before then with more information about the trip.

February's members meeting will be jam packed with the Tannum trip video, Knife sharpening demo and a Facebook 101 so don't miss it.

I'll see many of you up at Boondooma, and everyone else at the meeting on Tuesday next week. Till then, "Fishfull Thinking"

FISHING REPORT FOR FEBRUARY, 2014

ESTUARY: Whiting taking yabbies on the drift around the Bli Bli area with mud crabs at the mouth of feeder creeks. Flathead and jew in the Cod Hole on live baits or sinking lures that rattle. Bream on the top of the tide under the high rises in the Maroochy using fowl gut and prawns.

SURF: Sand whiting and small dart along Maroochy Beach using cured worms (they stay on better) with low tide best. Tailor surprising anglers at Pincushion and Pt. Cartright with quality and quantity, using pillies and slugs.

OFFSHORE: Spotted and Spanish mackerel taking weighted pillies and red head lures just off Pt. Cartright, when conditions allow. Murphy's Reef and Coolum returning mixed reef fish with dawn and dusk best.

FRESHWATER: Borumba Dam returning bass on deep divers and saratoga on surface poppers or flies. Silver perch and jew preferring earthworms when worked just along the weed line. Reports from Boondooma and Bjelke Petersen not encouraging, but a high barometer will improve fishing in these bigger impoundments. Most of the freshwater fishing comps are around this time of year.

WAYNE NILSSON.

Tropical Iceboxes Most Species Comp

Last "Month"

We also caught some nice Tuna and a Diamond Trevally

Ross Roberts

I would like to thank all those club members (and Fisheries) who gave me such valuable advice on 'Fish Identification'

Thanks to that advice I think I now have it!! Note this beautiful 56cm Maori Cod below!

Cheers
Ross

I caught this 12 kg Mahi Mahi near Victor's secret pinnacle on Murphy's reef on a mid water floater, the pilly must of been a particular attractive pilly as there were other boats all around us . Not a very happy fish , it took 15 minutes to get him in the boat .
